

FOR REFERENCE ONLY.
ED WITH ENGINE.

This technical drawing is an exploded view diagram of a vehicle chassis and body assembly. The diagram shows the following components and their assembly relationships:

- Chassis (3):** The base frame of the vehicle, including the front and rear axles, suspension components, and wheels.
- Body (2):** The main upper structure of the vehicle, including the front and rear fenders, side panels, and the central body shell.
- Engine (1):** The power source, shown mounted on the chassis.
- Seat (9):** The passenger seat, shown mounted on the chassis.
- Headlight (1A):** The front lighting component, shown mounted on the chassis.
- Wheels (5):** The front and rear wheels, shown mounted on the chassis.
- Assembly Points:** Various bolts, nuts, and fasteners (labeled 4, 6, 7, 8, 10) are shown at their respective locations on the chassis and body, indicating where they are used to secure the components.

The diagram is a black and white line drawing, typical of technical manuals. It uses dashed lines to show the relative positions and assembly paths of the components. The labels 1 through 10 are used to identify specific parts and assembly points throughout the diagram.

ED WITH ENGINE.

This technical drawing is an exploded view diagram of a vehicle chassis and body assembly. The diagram shows the following components and their assembly relationships:

- Chassis (3):** The base frame of the vehicle, including the front and rear axles, suspension components, and wheels.
- Body (2):** The main upper structure of the vehicle, including the front and rear fenders, side panels, and the central body shell.
- Engine (1):** The power source, shown mounted on the chassis.
- Seat (9):** The passenger seat, shown mounted on the chassis.
- Headlight (1A):** The front lighting component, shown mounted on the chassis.
- Wheels (5):** The front and rear wheels, shown mounted on the chassis.
- Assembly Points:** Various bolts (4), nuts (6), and washers (7) are shown at their respective assembly locations on the chassis and body.

The diagram is labeled with the following numbers:

- 1: Engine
- 2: Body
- 3: Chassis
- 4: Bolt
- 5: Wheel
- 6: Nut
- 7: Washer
- 9: Seat
- 10: Bolt
- 1A: Headlight
